

News Letter

February 2022

January has been a hectic month! New students have signed up and the year 11's and 13's have been busy with their mocks. With the Christmas long gone, who's already making plans for the February half term? Here at Maths Blast, we certainly are because we are going to be at the **Nottingham Science Festival!**

Maths Blast will be hosting 2 events at the Nottingham Festival of Science and Curiosity <https://nottsfosac.co.uk>

Fractals Fun: <https://nottsfosac.co.uk/event/fractal-fun/>

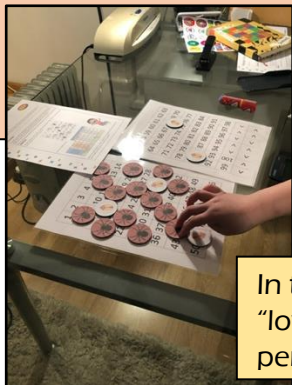

Ages: 7-11
16/02/22
11:00am-12:00pm
West Bridgford Library

Pointy Domes: <https://nottsfosac.co.uk/event/pointy-domes/>

Ages: 7-11
16/02/22
1:00pm-2:00pm
West Bridgford Library

At Maths Blast, we believe hands on learning and kinaesthetic activities not only ensure deeper understanding, but they also help children enjoy maths and the process investigation and discovery.

This month our focus has been on finding ways of delivering those same activities to our online students so that geography isn't a barrier to learning.

1	2	3	4	5	6	7	Possible Life Cycles For Cicadas (years)		
8	9	10	11	12	13	14	12	17	
15	16	17	18	19	20	21	3	Number of Overlaps: 5	Number of Overlaps: 5
22	23	24	25	26	27	28	4	Number of Overlaps: 5	Number of Overlaps: 5
29	30	31	32	33	34	35	5	Number of Overlaps: 5	Number of Overlaps: 5
36	37	38	39	40	41	42	6	Number of Overlaps: 5	Number of Overlaps: 5
43	44	45	46	47	48	49	Total Number of Overlaps		
50	51	52	53	54	55	56	Erase Cicadas	Erase Predators	
57	56	59	60	61	62	63			

In the pictures, you can see our new activity to teach about the "lowest common multiple" of two numbers and what it looks like for in person and online students.
